

PROJECT GOALS

The following eight draft goals for the study effort were reviewed and ranked in priority order by the Visioning and Implementation Group on September 1, 2017. Each participant received a set of colored dots. Green dots had the highest priority with a value of three, followed by blue dots with a value of two, and red dots with a value of one. Participants were asked to prioritize each goal, assigning the highest priority to green, medium priority to blue, and lowest priority to red. Each goal was then scored and given a ranking. Goals 3 and 4 received the same score and were therefore tied in the ranking. The following list ranks the eight draft goals in priority order:

GOAL 1 | ECONOMY | SCORE = 26

Create a center for employment with a diverse economic base, and build on the access and visibility afforded by the I-75/CR-25A Interchange.

GOAL 2 | INFRASTRUCTURE | SCORE = 19

Coordinate the extension of, or increase the capacity of, infrastructure facilities to meet future needs of existing and planned development.

GOAL 3 | ZONING | SCORE = 10 (Tied with Goal 4)

Create easy-to-understand, consistent, and flexible regulations to encourage and enable high-quality development.

GOAL 4 | RESILIENCY | SCORE = 10 (Tied with Goal 3)

Encourage resilient development practices that can adapt to changes over time and remain viable and an asset for the community.

GOAL 5 | ENVIRONMENT | SCORE = 8

Connect and integrate the areas' natural features to future development.

GOAL 6 | HEALTH | SCORE = 2

Promote an active and healthy lifestyle for residents, workers, and visitors.

GOAL 7 | MOBILITY | SCORE = 1

Develop a multi-modal and inter-connected transportation network that safely and conveniently transports people and freight.

GOAL 8 | HOUSING | SCORE = 0

Provide a range of housing choices with convenient access to daily services
