

District 11/District 4 Environmental Services

Ohio Department of Transportation

PROJECT DESCRIPTION

BPS served as a subconsultant on this environmental services task order contract for Districts 11 and 4 of the Ohio Department of Transportation (ODOT). As part of that contract, BPS was assigned 9 individual projects to complete. The projects included a variety of types of environmental studies, including environmental documents, ecological studies, environmental site assessments, Section 106 coordination, pre-construction notifications, and noise analyses.

For ODOT District 11, the projects included:

- CAR-171/542 Environmental Study
- TUS-416-8.94 Environmental Study
- HOL-39/62 Environmental Study
- BEL-149-16.52 Environmental Study

For ODOT District 4, the projects included:

- MAH-11-14.12 Type II Noise Analysis
- MAH-680-9.23 Type II Noise Analysis
- MAH-680-2.07 Type II Noise Analysis
- SUM-277-0.16 Type II Noise Analysis
- District 4 Bridge/Culvert Maintenance Environmental Studies

LOCATION

Belmont, Carroll, Holmes, Mahoning, Summit & Tuscarawas Counties, Ohio

HIGHLIGHTS
