

COMPLETE STREETS, ACTIVE TRANSPORTATION & RURAL TRANSIT PLANNING

Burton Planning Services is highly qualified to help communities plan for all modes, users, facilities, and scales of transportation.

ABOUT US

BPS was formed in 2008 by company President, Kimberly Burton, and is based out of Westerville, Ohio. Our mission is to provide clients with sustainable solutions that are timely, affordable, and customized for the client's specific needs. BPS has a professional staff with core specialties of Multi-Modal Transportation Planning, Community Planning & Development, Environmental & Resiliency Planning, and Education & Public Engagement. We value being a small business because it enables us to be more flexible and adaptable for our clients.

OUR QUALIFICATIONS

BPS has the capabilities to complete a variety of transportation projects, from the state and regional levels to community, area and corridor levels. Within our transportation skillsets, BPS has developed particular expertise in Complete Streets, active transportation, and rural transit planning. We can also support these services with our other skillsets, such as drone aerial imagery collection, public engagement and education, and grant application assistance.

Kimberly Burton, P.E. AICP, CTP, LEED AP ND, *President*

Ms. Burton is a professional engineer and planner with over 20 years in the public and private sectors; she is also an Associate Professor of Practice in City & Regional Planning at The Ohio State University. She has broad planning experience, spanning transportation planning, community and economic development, environmental studies, and public involvement. Ms. Burton has worked on all levels of transportation projects, from state-level systems plans, to multi-county plans, to corridor and site-specific studies. She has completed land use and access management plans, safety studies, bypass and connector feasibility studies, bicycle and pedestrian plans, Complete Streets plans and initiatives, mobility and wayfinding studies, corridor revitalization plans, and transit studies for a variety of clients.

Amelia Mansfield, AICP, *Planning & Communications Director/Transportation Lead*

Ms. Mansfield is a professional planner with over ten years in the public and private sectors. She has experience in multi-modal transportation, community, sustainability, and environmental planning. She is adept at developing and managing programs and projects and has worked extensively with public and private entities to create and implement successful plans. With BPS, she has managed several transportation projects including the ODOT Active Transportation Academy and the Toledo Downtown Transportation Plan. Prior to joining BPS, she served as a Planning Manager for the Mid-Ohio Regional Planning Commission where she managed their Complete Streets Program and developed Central Ohio's first Active Transportation Plan.
