

SHELBY COUNTY HAZARD MITIGATION PLAN

Public Meeting #2 | June 7, 2022

- Please Sign In via SurveyMonkey: https://www.surveymonkey.com/r/ShelbyCore2SignIn
- OR email <u>bmorris@burtonplanning.com</u> or <u>KFryman@shelbyco.net</u> with your name, email, phone, title, employer, and meeting attended.
- OR type your name, email, phone, title, employer into the chat
- OR text 740-262-4742 with your name, email, phone, title, employer

Introductions

- Shelby County EMA
- BPS Project Team

- Kimberly Burton, P.E., AICP CTP, LEED AP ND, Project Manager
- Kevin Buettner, Project Management, Plan Preparation
- Brett Morris, Plan Preparation, Hazus, Mitigation Actions
- Core Planning Committee Members

Reminder

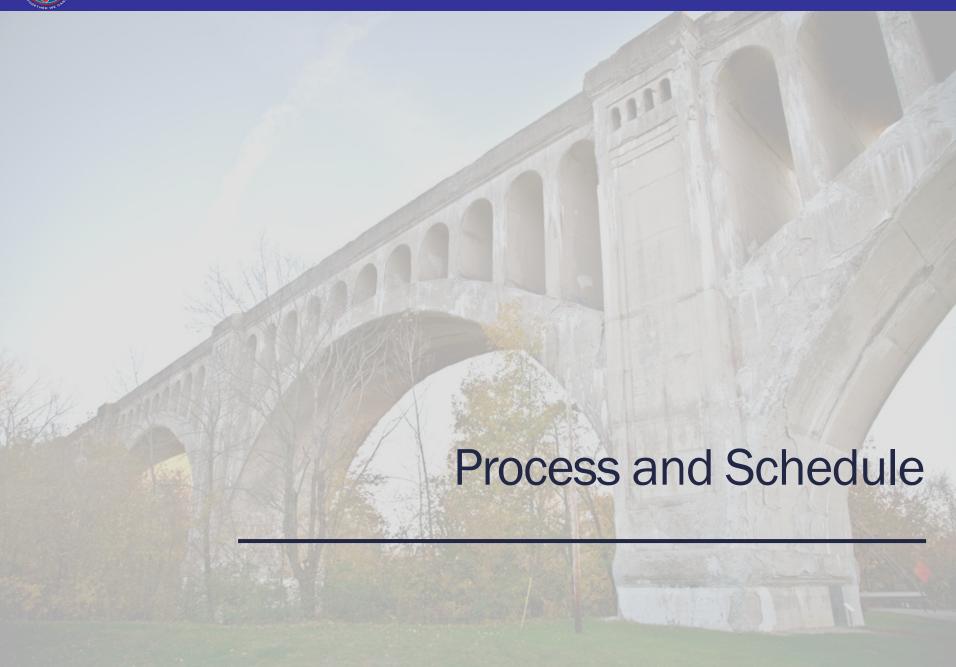

- Virtual Sign-In
 - Please Sign In via SurveyMonkey: <u>https://www.surveymonkey.com/r/ShelbyCore2SignIn</u>
 - o OR email bmorris@burtonplanning.com or KFryman@shelbyco.net with your name, email, phone, title, employer, and meeting attended.
 - o OR type your name, email, phone, title, employer into the chat-
 - o OR text 740-262-4742 with your name, email, phone, title, employer
- Questions type into chat
- Surveys physical copies to print, fillable PDFs, and online surveys
 - Available on the website at: https://burtonplanning.com/shelby-hmp/

Introductions

- Why are we here today?
 - Update the 2017 Shelby County Hazard Mitigation Plan
 - Hazard mitigation overview
 - Progress update
 - Gather stakeholder input
 - Next steps

Process & Schedule

- Completed and Upcoming Tasks:
 - ✓ Gathered critical facilities information
 - Gathered GIS base mapping
 - Gathered repetitive loss property information
 - Summarized features and demographics of County and communities
 - Gathered historical information on previous hazard events
 - ✓ Identify past and potential hazards to evaluate in this plan update
 - Identify mitigation actions from the previous plan that need to be updated
 - Receive feed back today on new mitigation actions

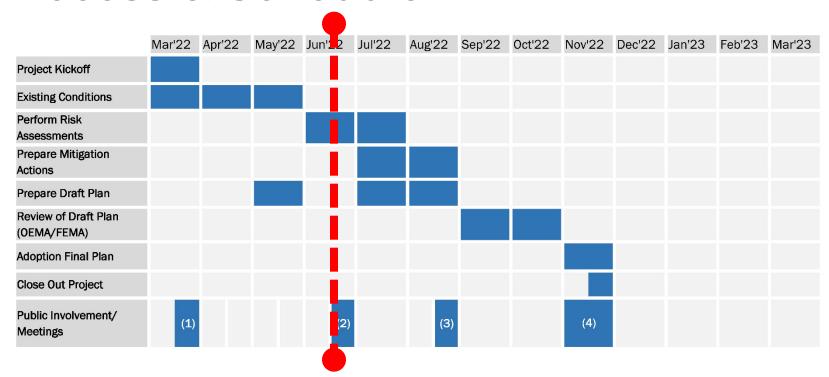

Process & Schedule

- Hazard Mitigation Planning Process:
 - Milestone 1: Project Kickoff Announcement; Gather Data For Existing Conditions/Demographics
 - Milestone 2: Hold Planning Meeting #1
 - ✓ Milestone 3: Perform Risk Assessments & Vulnerability Analyses; Develop Mitigation Actions
 - Milestone 4: Hold Planning Meeting #2
 - Milestone 5: Prepare Draft Plan
 - Milestone 6: Conduct Reviews Of Draft Plan
 - Milestone 7: Adoption Of Plan
 - Milestone 8: Closeout Project

Process & Schedule

Important Dates

- ✓ Project Kickoff March 2022 (Sent out by County EMA)
- ✓ Planning Meeting #1 April 27, 2022
- ✓ Planning Meeting #2 June 7, 2022
- Reviews of draft plan September/October 2022
- Adoption of plan November 2022

Your Role

Overview

- Provide local knowledge & data as needed, including history, demographics, spatial information.
- Help identify potential hazards based on previous experience & prioritize based on risk.
- Help develop new mitigation actions, determine status of previous mitigation actions & prioritize
- Provide feedback on draft plan
- Participate in both planning meetings
- Assist in plan adoption for representative local jurisdiction

Your Role

Today:

- 1. Project Website
- 2. Complete surveys
- 3. General feedback

Action Items

1. Project Website: https://burtonplanning.com/shelby-hmp/

Action Items

2. Complete Surveys

- Survey #2: Previous mitigation actions status
 - Update the status, remarks, and ratings.

SHELBY COUNTY HAZARD MITIGATION PLAN

MITIGATION ACTIONS SCORING MATRIX

Purpose

As part of the hazard mitigation planning process, communities are asked to identify specific projects and activities (mitigation actions) that will help their communities achieve the long-term outcomes related to specific hazards. The status of each previously identified mitigation action is reviewed during the Hazard Mitigation Planning Process to determine the progress being made towards the County's hazard-specific goals. New mitigation projects and actions are also identified in this process.

The purpose of the Mitigation Actions Scoring Matrix is to determine which mitigation actions are relevant to each of the communities within Shelby County and to develop a corresponding action plan that describes how the mitigation actions will be implemented. Scores collected from this Mitigation Actions Scoring Matrix will be used to decide how the mitigation actions will be prioritized, administered, and incorporated into Shelby Country's existing planning mechanisms.

Instructions

To complete this matrix, please review each proposed mitigation action and indicate if it is applicable to your purisitiotion. If it is applicable, soore if from 1.5 for each category described below. For each category, a rating of 1 is the lowest score, a rating of 3 is neutral/unsure, and a rating of 5 is the highest score.

- Applicable to your jurisdiction? Write Yes or No to indicate if you think this mitigation action is applicable to your community or jurisdiction. If Yes, fill out the remaining columns; if No, do not fill out the remaining columns.
- Cost Effective Rank 1 5 the cost effectiveness of each proposed mitigation action, with 5 being the most cost effective and 1 being the least cost effective.
- Technically Feasible Rank 1 5 the feasibility of each proposed mitigation action, with 5 being the most feasible and 1 being the least feasible.
- Environmentally Sound Rank 1 5 the proposed mitigation action in terms of how environmentally sound it seems, with 5 being the most sound and 1 being the least sound.
- Immediate Need Rank 1 5 whether each proposed mitigation action is needed immediately, with 5 being the most immediate need and 1 being not an immediate need.
- Risk Reduction Rank 1 5 the proposed mitigation action on the extent to which it will
 reduce the total risk of the associated hazard, with 5 being the greatest contribution to risk
 reduction and 1 being the least contribution to risk reduction.

#	Mitigation Action	Status	Applicable to jurisdiction? (Y/N)	Cost Effective (1-5)	Technically Feasible (1-5)	Environmentally Sound(1-5)	Immediate Need (1-5)	Risk Reduction (1-5)
Dam Failure								
1	Obtain inundation mapping for at least all high hazard potential dams in the County.	New						

Next Steps

- All Participating Jurisdictions & General Public:
 - Complete the goals, hazard priority, and existing mitigation action surveys
- Project Team
 - Finalize critical facilities lists
 - Develop draft plan
 - Prepare for public comment period
