

## ERIE COUNTY HAZARD MITIGATION PLAN OVERVIEW

### Goal

Update the 2020 Erie County Hazard Mitigation Plan to include both natural and man-made hazards that pose a threat to the County.

### Who's involved?

The Erie County EMA will work closely with Burton Planning Services and members of the Core Planning Committee to develop a mitigation plan that adequately addresses the threats posed to Erie County residents by natural and man-made hazards. The following people will be involved:

- Tim Jonovich, Erie County Emergency Management Agency Director
- Kim Johnson, Erie County Emergency Management Agency Assistant/Planner
- Burton Planning Services (BPS)
- Kimberly Burton, P.E., AICP CTP, LEED AP ND
- Kimberly Cousins, Project Manager, Environmental and Resiliency Manager
- Meagan Russell, Hazard Mitigation Analyst, Assistant Project Manager
- Brett Morris, LEED Green Associate, Resiliency Planner
- Chuck Foster, Hazard Mitigation Specialist
- Core Planning Committee Members

### Hazard Mitigation Planning: Federal Requirements

The Disaster Mitigation Act, 2000 (DMA2K) states that all jurisdictions must have an adopted plan to receive funds from FEMA in the event of a disaster. DMA2K provides a legal basis for FEMA's state, local, and tribal mitigation planning requirements. Additionally, the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1988 created the system where Presidential disaster declarations trigger federal assistance via FEMA.

#### To receive federal funding, hazard mitigation plans must:

- Be updated and adopted by local jurisdictions every 5 years.
- Include:
  - Public participation and documented process
  - Existing conditions and demographics
  - Major disaster declarations since the previous plan
  - Risk assessments and vulnerability analyses for hazards
  - Mitigation actions and their status
  - Identified plan maintenance and updates
- Municipalities, police and fire departments, schools, businesses, and the general public may receive funding for any mitigation strategy found in the approved and adopted plan update.

### Hazard Mitigation Planning: Overview

Potential hazard types include natural disasters (floods, storms, droughts, landslides, invasive species, etc.) and potentially man-made disasters (dam failure, hazardous material spills). Benefits of updating the hazard mitigation plan include:

- Minimizing property damage, economic loss, injuries, and loss of human life

- Enhancing public awareness of natural and man-made hazards
- Coordinating inter-jurisdictional preparedness measures, mitigation actions, and programs for effective implementation
- Providing a tool for decision-makers to better prepare for disasters.
- Achieving state and federal regulatory compliance to be eligible for funding

**Hazard Mitigation Planning: Process and Schedule**

FEMA focuses on the mitigation strategies, on the intent and compliance of the plan, and on the planning process. Milestones for the Erie County Hazards Mitigation Plan are indicated in blue, below.

**Erie County Hazard Mitigation Plan Schedule**

	1	2	3	4	5	6	7	8	9
	Aug-25	Sep-25	Oct-25	Nov-25	Dec-25	Jan-26	Feb-26	Mar-26	Apr-26
Project Kickoff									
Existing Conditions									
Perform Risk Assessments									
Prepare Mitigation Actions									
Prepare Draft Plan									
Review of Draft Plan (OEMA)									
Review of Draft Plan (FEMA)								(if req'd)	
Adoption Final Plan									
Close Out Project									
Public Involvement/ Meetings		(1)	(2)	(3)		(4)			

- (1) Stakeholder Kickoff (email): Sept.
- (2) Stakeholder/Public Meeting #1: Oct. 15, 2025
- (3) Stakeholder/Public Meeting #2: Nov. 13, 2025
- (4) Public Comment Period (15-day): TBD January 2026

**Hazard Mitigation Planning: Core Planning Committee Role**

The role of the Core Planning Committee (you!) is as follows:

- Provide local knowledge and data as needed.
- Help identify potential hazards from past experience and prioritize hazards.
- Help develop new mitigation actions, determine the status of previous mitigation actions, and prioritize new mitigation actions.
- Provide feedback on the draft plan.
- Participate in public and stakeholder meetings.
- Assist in plan adoption for representative local jurisdiction.
